WANTS OPINION ON "DRY" EXPENDITURES

Gov. Davis Seeks Legal Sta-
tus of State Paying
Lawyers

\$1,000 PAID IN FEES

Right of Prohibition Department to
Engage Special Counsel in Valley
Turnpike Killings is Questioned

Richmond, Jan. 3.—Governor Davis has requested the Attorney-General to prepare an opinion as to whether the State Prohibition Department is within its legal rights in expending funds to engage private counsel for the defense in the case against its inspectors in the Valley Turnpike case.

The point is made that as the Prohibition Department, according to the State auditing committee, already has expended \$1,000 for outside legal help in the case at bar assumes the character of Commonwealth vs. Commonwealth.

The Prohibition Department is privileged at any and all times to call on the Attorney-General's office for legal advice, and is itself provided with special counsel in the persons of Lewis H. Machen, former State Senator; Attorney Thomas Whitehead, of Amherst; and Edward B. Dunford, of Richmond.

The question to be determined, in the opinion from the Attorney-General, has to do with whether or not State funds properly are employed when used to defend an agent indicted for murder and being prosecuted by the Commonwealth.

Under the terms of the prohibition bill is a provision which permits the Prohibition Department to use funds not in excess of \$25,000 for the employment of agents and counsel to see that the act is enforced, but whether this phraseology of the statute contemplates the employment of this fund for the defense of an agent charged with and indicted for murder is a question that the Attorney-General has been called on to decide.

In the absence of Attorney-General John R. Saunders, who was not in the city yesterday, Assistant Attorney-General Josiah D. Hank would not discuss the matter.

The matter it is understood, was brought to the attention of the Governor in a report of the auditing committee, which called attention to the expenditure by the Prohibition Department of State funds in the defense of its agents.

It is not improbable, it is said, that a second opening will be asked of the Attorney-General in a matter brought to the attention of the public in the recent annual report of the State Board of Accountants, filed with the office of the Governor. This report referred to the payment by the Prohibition Department of a \$500 fee to a private lawyer in Richmond for an opinion.

TAX SALE MONDAY

Seventy-Three Pieces of Property to
go Under Hammer

City Treasurer Thomas W. Robinson will at noon Monday offer for sale at public auction in front of the courthouse between the hours of 10 a. m., and 4 p. m., all property on which the state taxes have not been paid as required by the state law.

The total number of pieces of property on which taxes have not been paid, is seventy-three and of this number forty-eight are owned by white persons and twenty-eight by colored persons.

The lowest amount owed by any one delinquent is twenty-seven cents and the highest is \$16.76. The list of delinquents will be found in another column of the Gazette.

REWARD

Local Western Union Employees to
Get Increases

In common with thirty two thousand of their fellow employees in other cities, the local employees of the Western Union Telegraph Company who have been six months or more in the service of the company will participate in salary increases totaling over five million dollars a year commencing January 1st. Employees who have been a year or more in the service will receive a 15 per cent increase and those who have been six months but less than a year in the service will receive 10 per cent. Only employees who receive less than \$250 a month will participate.

Manager Allen of the local office states that these increases are in pursuance of an agreement reached some time ago between the management and the Association of Western Union Employees. The Western Union is one of the large corporations which engage in the process of collective bargaining with its employees, and this is the latest of several general increases which have been negotiated as a means of offsetting to a certain extent the increased cost of living which has fallen so heavily upon the salaried class.

MRS. WALLACE LINDEY
DIES THIS MORNING

Mrs. Lisa Deane Lindsey, wife of Wallace Lindsey, died shortly after 6 o'clock this morning at her residence at Braddock. The deceased had been ill only a short time with pneumonia.

Mrs. Lindsey was a daughter of Mrs. Elizabeth Deane Anderson and the late Herbert W. Anderson. Besides her husband she is survived by two small daughters.

Mrs. Lindsey was a cousin of Mrs. Claude A. Swanson and was prominent in local social affairs. She had a large number of friends who were shocked to learn of her death.

MAY BE ARRAIGNED THE THIRD TIME

Jury Again Unable to Agree
In Trial of William
C. Hall

UP AGAIN NEXT APRIL

Prosecution May Drop Case When Ac-
cused is Again Made to Face Prince
William Court.

As was stated in the Gazette, the jury in the Prince William Court which tried William C. Hall, State prohibition inspector, for the alleged murder of Lawrence D. Hudson on Fisher's Hill, near Winchester, Va., March 26 last, was discharged yesterday morning at 11:59 o'clock, unable to agree. Hall's trial recently on an indictment charging him with the murder of Raymond Shackelford also resulted in a disagreement.

At 10:15 o'clock the jury was summoned by Judge Samuel G. Brent, after having been out since 6 o'clock yesterday afternoon. W. R. Hooker, foreman, reported failure to reach an agreement. Judge Brent ordered the jury to continue deliberation.

Shortly before noon the twelve men returned to the court room, hopelessly disagreed. Judge Brent then discharged them.

Hooker said the jury stood originally nine for conviction and slight punishment, and three for acquittal.

On motion of Commonwealth Attorney Thos. H. Lion, cases against Deputy Inspectors Sweet, Dunleavy and Sullivan, indicted, jointly, with Hall for murder were nolle prossed.

If the prosecution does not drop the case against Hall, as is strongly indicated, he will face a third trial when the Prince William Circuit Court reconvenes here April 6. Hall's bond was reduced from \$10,000 to \$2,500.

ANOTHER VISIT OF THE FROST KING

Mercury in the Thermomet-
er Down to 10 Degrees
This Morning

TWO MORE DAYS OF IT

Cold Northwest Winds and Snow Flur-
ries Make Streets Desolate Early
Last Night.

The comparatively mild weather of the early part of the week was followed by frigid conditions early last night. While the stars passed out of view, Lunar rode across the heavens, but the satellite was suggestive of Dickens's description of a fierce storm at Yarmouth—it seemed to be looking for some one to show it the way home.

The winds gained impetus all the time and sent spits of snow sailing horizontally through the air. The mercury in the meantime was steadily falling. Shortly before dark it stood at 28 degrees in some thermometers, but as the night grew older it dropped to 2. Early this morning the mercury was at 10 degrees. The weather bureau had predicted 5 degrees above zero at the dawn of today.

Sometime after midnight the fierce blasts of wind subsided. The river flats have been covered with ice since the previous frigid wave. Last night's frost added much more to the river and Hunting Creek.

The coal pile is suffering heavily, and it is to suffer further today as it will tomorrow. Clear cold weather, with biting breezes from the west and northwest, are promised for the coming "spell" by the Weather Bureau. Cold weather will be forecasted continue for two days or longer.

PEADS GUILTY

Mike Welch Given 30 Days and
Fined \$50—Other Cases in
Corporation Court

In the corporation court yesterday afternoon, Judge Barley presiding, Mike Welch, charged with violating the prohibition law appeared in court and entered a plea of guilty and was fined \$50 and sentenced to serve thirty days in jail.

The case of Welch in the morning was given to a petit jury and the jury early in the afternoon announced its inability to reach an agreement in his case and was scored by Judge Barley for its failure to arrive at a verdict.

In the case of Frances Bryant, alias Robinson, colored, indicted for violating the prohibition law, a jury returned a verdict of guilty and fined her \$50 and also imposed a sentence of 30 days in jail.

Bertha Harris, colored, also indicted for violating the prohibition law, was arraigned and a nolle prosequere was entered in her case.

Sidney Lockett, colored, charged with violating the prohibition law, was fined \$50.

Linn Love, charged with highway robbery, was acquitted by the court, there being no evidence against the accused.

SPORTS

The Lyceum basketball team defeated the fast Peck Star aggregation from Washington last night at the Army in a well played game, 17 to 15, before the largest crowd of the season.

Manager Wheatley's aggregation showed their lack of practice over the holiday season, their shooting being slightly off color, but they out played the visitors more than the score indicates.

Rosy Hayden, Theodor Hayden, and Jeff Williams played the star game for the locals while Scott and Brewster starred for the Washington crew.

Monday night, the Virginia Athletic Club and the Lyceum quints took up in the second game in the Alexandria City Basketball League schedule and a battle royal is looked for. Both teams are in good shape for the contest, which will start promptly at 8 o'clock Monday night at the Army rink.

Monday night will be boys night at the Community Center, and all boys under 16 should report not later than 5:30 o'clock. A junior basketball league will be organized.

The wrestling mat has arrived at the Community Center, and the mat game is due to get another lease on life here soon. Plans for an amateur wrestling and boxing tournament are being laid.

The weekly Community dance will be held tonight at the Community Center, Prince and Royal streets, starting at 8:30 o'clock. Cards may be secured from the Center at any time. No admission is charged, but all persons must have Community Service cards.

PROPERTY SALES

Deeds of transfer for the following pieces of property have just been recorded in the office of the clerk of the court: Hugo Herfurth, Jr., to E. A. Feldkeller lots 20 and 21 in block 1, section 2, George Washington Park.

The General Realty Company to Milton Fagelson and wife house and lot 214 Wolfe street.

Mrs. Sarah M. Baggett to Walter S. Nicklin lots 5 and 6, block 1, section 1, Baggett's subdivision.

DEATH OF FORMER RESIDENT

COMPANY PAYING INTEREST ON BONDS

Washington, Alexandria and
Mt. Vernon Railway
Meets Obligation

OUTLOOK IS BRIGHTER

Contemplating Completing Construc-
tion of Line From Mount Vernon to
Camp Humphreys.

Interest on the \$2,370,000 5 per cent bonds of the Washington, Alexandria and Mount Vernon Railway, which was due September 1, 1919, is now being paid at the Real Estate Trust Company, of Philadelphia, trustee. The bonds are an obligation of the Washington-Virginia Railway Company, which absorbed the Washington and Mount Vernon Railway Company.

The Washington-Virginia, like many other electric railway properties throughout the country, has had a hard time meeting its financial obligations during the past year, and has availed itself of the full four months provided in the trust indenture before paying the interest. The trust indenture securing the bonds provides that there shall be no legal default until four months after the interest is due.

It was stated by a director of the Washington-Virginia yesterday that the financial outlook for the company is much brighter than for several years. The increase in fares granted several weeks ago is providing additional revenue, and it is stated that the \$800,000 of notes recently offered have been subscribed.

Plans have been raised to serve to take care of the more pressing financial needs, it is understood, and will enable the company to complete construction of the line to Camp Humphreys, which was undertaken two years ago and which has been delayed because of difficulties in financing.

Potomac Lodge No. 38, I. O. O. F., has completed plans for the installation and reunion of officers and members of that lodge which will take place next Friday night at Odd Fellows' Hall.

The plans provide for a meeting of the lodge at 7 o'clock and installation at 7:30 followed by the banquet at 9 o'clock.

On this occasion Grand Master Guy T. Horner of Virginia will be the guest of honor together with several other well known Odd Fellows. The banquet will be served on the first floor by the Ladies' Auxiliary of the Odd Fellows.

Potomac Lodge is now eighty years old, having been chartered March 18, 1839.

A splendid record has been made by the local lodge during the past year, one hundred and four members having been received in the lodge and in addition this lodge has conferred degrees of the order on a number of candidates for several other lodges.

This is the largest number ever brought into Potomac Lodge during a single year.

The members of this lodge are anxious to make this resolution one for its own members when the older members will grasp the hands of the new ones in friendship and welcome them on the 100th anniversary of the founding of the order.

PALMER AND THE REDS

We feel greatly reassured by the proclamation of the Attorney General to the effect that he has declared war to a finish on all Anarchists, Bolsheviks and other murderous and seditious elements in our society.

The ring leaders as well as the rank and file of these pernicious miscreants are foreigners, the sons and daughters of despotism and tyranny. The ybring to our shores hearts in revolt and minds inflamed with ineradicable hatred of all government—government having for many centuries meant to them only might and the knout and bludgeon.

The idea of a government of, for and by the people is incomprehensible to them. So they continue here their murderous plots and sinister conspiracies. That the thing which they hate and which they are willing to go to any lengths to destroy has no existence here cannot be made plain to them.

That the creatures are the products of oppression and unfavorable environment cannot be pleaded in justification of their acts. Their motives, their mental attitude do not enter into our consideration of the matter. Our sole thought is the protection of America and American citizens.

In India when a drug crazed maniac runs amok the people spend no thought on the question of his diseased mind or the consideration of his criminal liability. Forthwith they rise up and slay him. When a rabid dog appears on our street we do not tolerate him upon the ground that he is a poor afflicted creature. The safety of the community admits of but one course, the instant death of the dog and end of the danger. Anarchy is political rabies.

BABES DYING BY THOUSANDS

The slaughters of the innocents at Bethlehem by order of Herod the Great is one of the pathetic chapters in history. This, however, occurred in a small place, and only male children were butchered. Probably not over fifty were victims. But, according to advices from European countries, wholesale slaughter of innocents is progressing continuously.

The first teacher in forecasting conditions incident to the close of the present year, the situation of the world, when he said: "These days should be shortened, there should be no more war." Would present conditions continue, the population of this earth will be materially decreased in the near future.

Europe is being swept by a scourge of infant mortality so serious that the continent's future population is being threatened, reports by authorities made public today show. The reports indicate that in some countries of Europe the mortality rate has doubled and, in addition, those who survive are subnormal weaklings.

These conditions are due to disease and famine and to the general physical exhaustion throughout Europe.

The inhabitants of the battle torn areas of France have no cows and consequently cannot obtain milk for the infants. As a result the babies have little hold on life. Mothers are deprived of everything they need in addition, those children born during the war, in many instances, were deprived of essential foods and consequently are weaklings, although they have attained the age of two or three years.

The children in Czechoslovakia are unable to go to school because of the lack of clothing, while, when they do get there, they are so hungry that they are incapable of learning anything. Owing to the lack of food and clothing, as well as medicine in Russia, the infant mortality rate here has increased 95 per cent. Newly born babies are crumpled in rags and never washed.

Tuberculosis and other diseases caused by under-nutrition have weakened the mothers of Austria to such an extent that the number of babies born dead has greatly increased.

In addition, those who survive birth are most feeble, deformed and lame. Few babies will survive the winter. In Hungary the children in hospitals cannot be disinfected or washed, owing to the lack of materials. The mattresses are so frightfully dirty. A newly-born babe is wrapped in old rags and at the end of the 10 day period—which is the limit of time which the baby can stay in the hospital—the child is sent away literally naked. Usually the mother and the baby both die from hunger and cold. The condition of many babies in Germany is most pitiful. They rarely die in their cradles. Their crying cries are heartrending. It is quite apparent that their skin is literally peeled off because of lack of swaddling clothes. The attempts to use paper clothes has improved the situation scarcely at all.

FLAMES SWEEP ALTAR

Cincinnati, Ohio, Jan. 3.—While the altar behind him, Father Martin S. Bronsgeest conducted mass in St. Xavier Church early yesterday until firemen arrived. Worshipers remained in their seats.

WAY TO BRING DOWN PRICES

Persons who are spending extravagantly, persons who are competing with one another to make a display through the unnecessary purchase of fine clothes and jewelry, persons who keep down the supply of necessary commodities by buying indiscriminately a thousand and one things they do not need, are consciously or unconsciously adding materially to the high cost of living, according to a statement issued by the savings bankers of the American Bankers' association.

The bankers say "wise persons are taking advantage of their neighbors by being the first to cut expenses to the bone—not waiting until all begin to save and the bubble of price inflation bursts. Come need not and probably will not decline so long as we will pay the price. The one and only great price fixer is the economic law of supply and demand. The effect of the suggestion that every person buy only what he really needs, if practiced, would result in a larger stock of unsold goods—and then in more sales, more price reductions, more competition among dealers and more money on hand for consumers."

KILLED BY EXPLOSION

Mills at Du Pont Munitions Plant, Wilmington, Del., Blow up. Wilmington, Del., Jan. 3.—Five men were killed yesterday at the Brandywine Mills plant of the Du Pont Powder Company, near this city, in the worst explosion which has occurred since the war ended. The explosion occurred in a press room and a corner mill, and three wheel mills blew up in rapid succession. About 60,000 pounds of powder exploded it is estimated.

HOUSEHOLD CARES

Read what this Alexandria woman says:

Mrs. H. A. Miles, 1209 Prince St., says: "My back pained so I couldn't do my housework without a great deal of misery. I had sharp twinges through the small of my back over my kidneys and I felt weak and languid. Mornings I just hated to get up. My kidneys were sluggish. I only had to use one box of Doan's Kidney Pills before I could feel I was getting better. The pains ceased and my kidneys were regulated. In a short time I was entirely cured of kidney complaint."

VIRGINIA NEWS

Four children were burned to death, their grandmother's eyes were burned out and their mother was badly burned when the home of Arthur Cole, tenant farmer, of Grayson County, near the North Carolina border, was destroyed by fire on Christmas night. Mr. Cole was awakened in time to enable him to save his 3 day old twins and to rescue his wife and mother, but not until the two latter had been severely burned.

The Valley Turnpike Company, one of the oldest toll road concerns in the South, and which has been in control of the famous and historic highway between Winchester and Station since long before the civil war, on Thursday ceased to function. At a meeting of the board of directors, held at Hamsburg and presided over by the president, Harry F. Boyd, of Winchester, the affairs of the company were wound up, and it went out of existence. More than a year ago the highway was taken over by the State, as provided by an act of the General Assembly; toll gates were abolished and the road has since and is now maintained as a State road free of toll. The last few months have been devoted to liquidation, paying off stockholders and settling accounts. All stocks not claimed up to Wednesday night, passed to the State.

Encouraging features of health work in Virginia from diseases which heretofore claimed a large number of victims. According to figures made public by the State Department of Health, deaths from diphtheria and croup and typhoid fever were cut in half in the five year period ending in 1918. An interesting feature of the figures as regards measles is that the disease was almost nonexistent as a death producing factor in Virginia in 1914 and 1915.

An appeal was noted in the Richmond police court Thursday morning by J. P. Smith, 2701-A Stuart avenue, charged with automobile speeding, after Justice Crutchfield refused to change the fine of \$50 imposed several days ago. At that time Smith maintained that he was speeding his automobile in an emergency, as he was carrying a nurse to a hospital where one of his children was ill with influenza. Dr. R. W. Vaughan, the attending physician, was produced in court, but he refused to state that the case was an emergency, as Smith thought it was. Upon this testimony Justice Crutchfield refused to change his decision.

What The Old Year Tells The New

Be sure and have these old shoes of mine fixed up at the Ideal. Last January I inherited these age-old shoes from the old year who preceded me. The Ideal repaired them, and I've been wearing them for twelve months with satisfaction. The Ideal is the best place for mending old shoes and giving them new life and hope.

Do You Know Hudson

But Through Sheer Merit Alone Essex made
Its Thirty Million Dollar Sales Record

Builds the Essex?

Essex success has not been accidental. No one doubts its right to the position it holds.

On the Cincinnati Speedway, a stock chassis Essex set the world 50-hour endurance mark, of 3,037 miles, under American Automobile Association supervision. Another stock Essex holds the unequalled 24-hour road mark of 1061 miles.

But how many know why Essex in its first year revealed qualities more mature, more evident of the influence of long experience, than is commonly found in cars even in their third and fourth year.

You will recall the Essex was announced one years ago without one word as to the identity of its builders. Not a claim was made for its performance.

You were asked to go look at it, take a ride and form your own opinion. The Essex was required to speak for itself.

Now that it has established itself, it is revealed why Essex has all the qualities of cars of long development.

WAS DESIGNED BY HUDSON ENGINEERS

They conceived it as they developed the Super-Six. All they learned about endurance, they incorporated in the Essex.

They gave to the Essex the power that has made it famous in all quarters. Its speed is the result of what had been learned in making the Super-Six winner of all worth while speed records.

The Essex can never be all that the Super-Six is for they are totally different types.

But the Essex does bring quality and performance to a class field that was unknown.

The former owners of large costly cars that have adopted the Essex have not been Hudson users. They have come from other cars, cars that fall short of the Super-Six in all particulars save size and cost.

The Essex appeals to such users because of its nimbleness. They like the way its performance compares with that of the Super-Six. You can see this on every hand. The two cars in any community that are most prominent because of their performance ability are the Hudson Super-Six and the Essex.

ESSEX DID NOT NEED HUDSON'S ENDORSEMENT

Think of the advantages Essex has had. What ordinarily would have required years to perfect was made possible in the very first model.

That is why 20,000 are now running, why more than \$30,000,000.00 was paid for Essex cars in ten months.

You have not needed the Hudson endorsement to understand Essex performance.

Essex has won its own way. Hudson gave it full benefit of the experience of its engineers and the ability of its manufacturing organization. Its name was not needed.

Now Hudson takes the same pride in acknowledging its kinship to Essex that a father might in speaking of his son who on his own account had made good.

Hood Prices, being based absolutely on actual cost of highest quality materials and labor, are consistent with Hood Quality and Road Service

The Hood ideal of tire value and service—greatest average mileage actually delivered at lowest cost per mile—remains unbroken by unseasoned conditions which are arising to confront and confuse both the dealers and tire users.

With costs of materials and labor at a high point, with the cost of cotton showing increase, with labor constantly increasing in cost, with rubber only slightly weakening, and with overhead reduced to a point of efficiency seldom equaled in the tire business, Hood will maintain present prices and quality.

Any reduction under the above conditions would necessitate a reduction of quality or quantity of materials or of both. We will not pull down our standard—it has made Hood Tires famous the country over as the Quality Tires of America.

The quality of Hood Tires will be maintained.

Hood prices will continue to be—as in the past—THE standard by which real tire values can be safely judged, for to-day the price of a tire is the only true representation of comparative value—guarantees have come to mean nothing.

Ask us to show you records of Hood average mileage of last year. Let us prove to you WHY prices, divided by miles actually delivered, make the Hood the most economical tire you can buy.

Can you afford to be without Hoods?

Hood Tires give maximum miles at minimum cost. A bona-fide guarantee with every tire. Fabric guaranteed 8,000 miles; cord guaranteed 10,000 miles. Cut your car expense by equipping with Hoods.

Imitation granite. Looks like granite and wears just as well.
H. Herfurth, Jr.

THE trend of automobile engineering points to the 8-cylinder car. And good buying judgment points to Oldsmobile.

We aimed higher than simply pioneering the "eight." We aimed to produce one of moderate price and low maintenance costs,

—that had the flexibility, smoothness and abundance of power inherent in the 8-cylinder car.

—that cost as little to buy and operate as the majority of "sixes" and many "fours."

—that would be smartly distinctive, yet characteristically Oldsmobile.

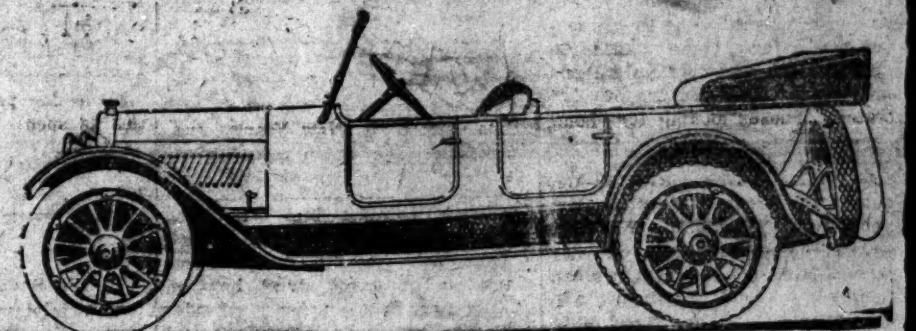

Our aim is attained in the "THOROBRED"—the only popular priced "eight" in which mechanical excellence is combined with rare riding comfort and up-to-the-minute body lines. Oldsmobiles have been the history-makers of motordom; the "THOROBRED" is well worthy to perpetuate the name.

Descriptive literature will be sent upon request, or a demonstration gladly arranged.
